# General ideas

A strategic vision: **Tarragona 2022 Director Plan**

A unique opportunity : **2017 Mediterranean Games**

A tool for transformation: **Tarragona Smart Mediterranean City**

A concept: **Smart & Mediterranean**

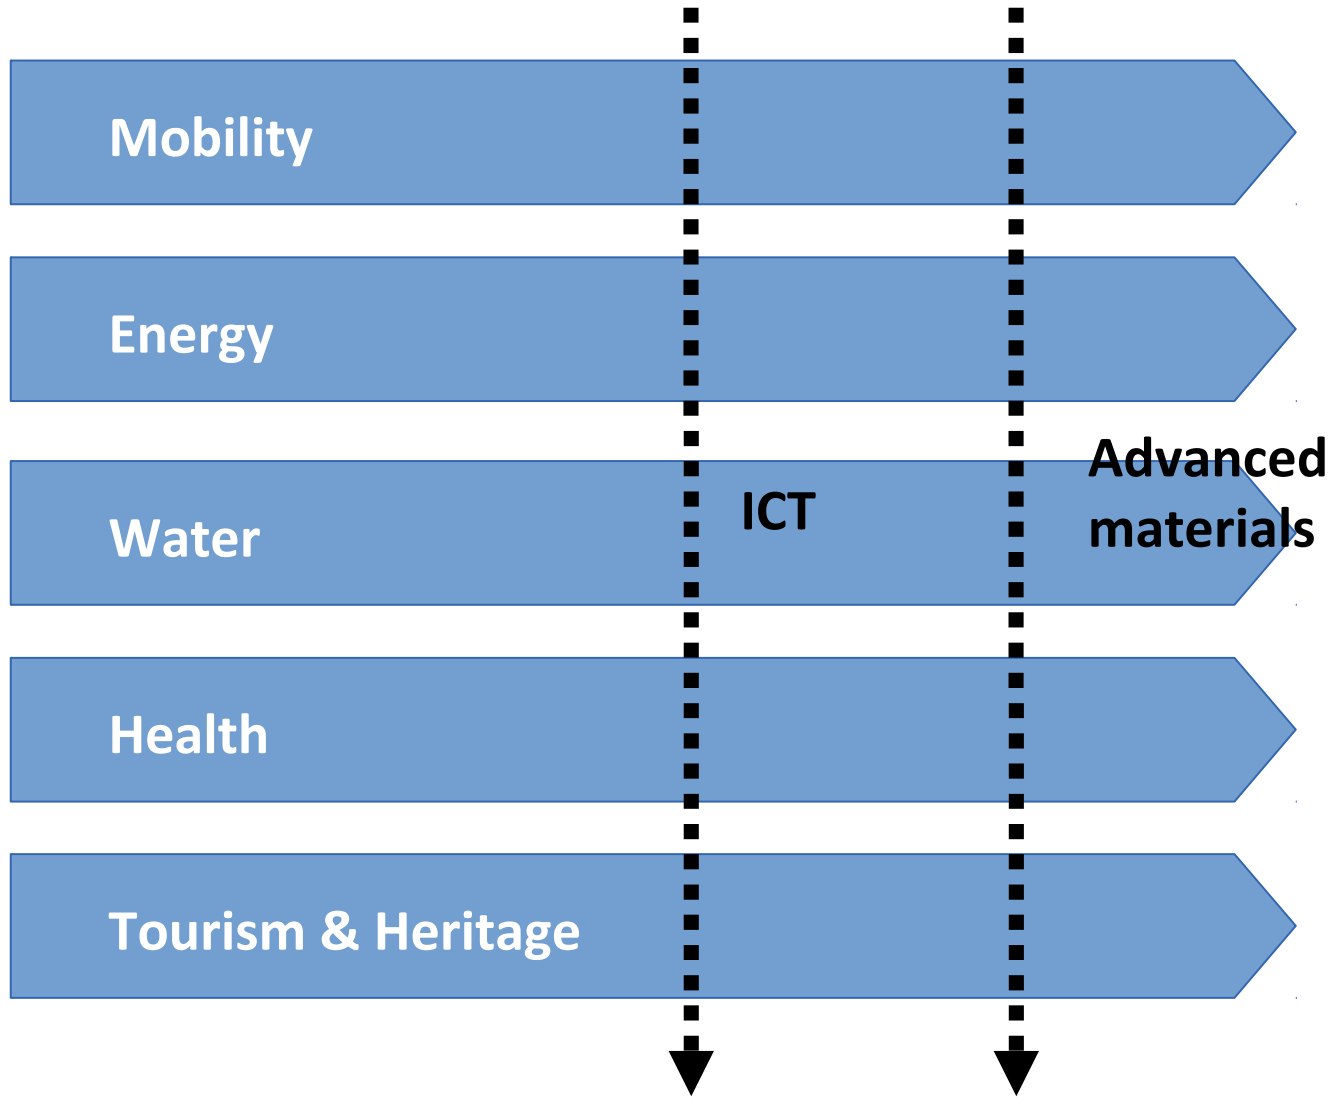

**Tarragona Smart Mediterranean City Foundation (FTSMC)** as a:

- **public-private partnership** at the local level
- **Bridging** institution
- **Neutral** field for interaction

# Our smart project (I)

Cross-domain technologies (sort of 'KETs')

'Action fields' or application domains

# Our smart project (II)

**Institutional framework:** Local (FTSMC, Chair at the University..) and beyond (RECI, City Protocol Society, EIP..).

**Higher education, research and innovation:** In collaboration with two universities and several companies.

**Dissemination and participation activities:** Conferences and courses, but also roundtables of stakeholders and 'smart forums'

**Trigger and orient projects:** From small 'pilot tests' to FP7/H2020 large projects
